

## Bagpipe Band Here On Friday

The Macpherson Highland Bagpipe band will appear at South Bay Center highlighting the moonlight sale on Friday night. This gigantic sale event will last from 7 till 11 p.m. The Highlanders will appear, starting at 8:30.

The Macpherson band was formerly known as the Braemar Highlanders — the name was changed with the appointment of their new Pipe Major, John Nulton. Members of this well known group have appeared in many motion pictures—"On the Double," "Journey to the Center of the Earth" and "The Buccaneer" to name but a few.

THE SKIRL of their pipes has been heard at Disneyland, the Los Angeles County Fair, the Miss Universe pageant, and at numerous parades. This band, formed of Southlanders, has thrilled many with stirring music from the Highlands.

The commanding quality of this music dates back many centuries when Roman legions introduced the bagpipe to the British Isles. It is one of the oldest musical instruments.

## Loan Firm Sets New High Mark

Great Western Savings and Loan Assn.'s loan volume for the first quarter of 1962 broke all existing quarterly records, and the month of March was the highest in the association's 37-year history, according to Elwood Teague, vice president of the loan division.

Teague reports that Great Western established the quarterly mark by lending more than \$51 million during the first quarter. The highest previous such period was the second quarter of 1961, in which over \$50 million was lent.

Loans for the month of March, 1962 exceeded \$26 million. The highest previous month was June, 1961, in which Great Western advanced over \$20 million. Teague also states that construction loans for the past month were in excess of \$11 and one-half million, compared to June, 1961, in which over \$8 million was lent for new construction.

## Club Chief Criticizes Toastmasters

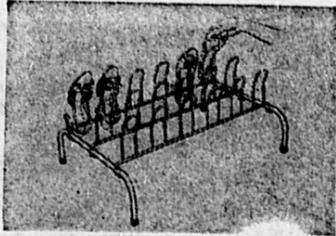

Toastmastering, long regarded as the most effective means of learning public speaking, was subject to severe criticism recently at the hands of members of Southbay Toastmasters' Club 280.

The attack, as stated by newly elected club President James McDonald of Manhattan Beach, "... is part of a concentrated effort on our part to improve our methods of learning public speaking."

PRESIDENT McDonald got the criticism he'd called for from many of the newer members of the club as well as from such long standing toastmasters as Dr. Robert Seaman of Manhattan Beach and Ferdinand Strible of Redondo Beach.

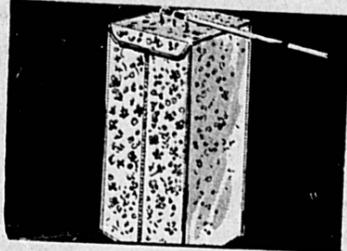

Dr. Seaman stressed that Toastmastering can't merely be fun, but must also be educational, while Strible pointed out that the speech evaluation portions of the programs must be something more than a patting on the backs of fellow members.

FOLLOWING the criticism portion of the program was a series of speeches made by newly elected officers of the club. Such officers as administrative vice president Dr. Wilmet Labit of Walteria; educational vice president James Ripley of Redondo Beach; secretary Don Payne of Torrance; and sergeant of arms Colin Dunn of Torrance spoke in answer to some of the criticism and stated how they planned to make their various offices contribute to the overall aims of the club.
